

Making use of thesauri

- Can I use PoolParty for tagging tasks in my CMS?
- Can I make use of my thesaurus to disambiguate entities when performing entity extraction?
- Can I publish my thesauri on the web or the intranet?
- Can I use PoolParty Extractor as a web service?
- Can I use PoolParty together with Confluence?
- Can I use PoolParty together with my Solr or Lucene search?
- Is There a SharePoint Integration with PoolParty?
- Is there a way to import PoolParty thesauri into Sharepoint?
